## NEWSLETTER

We would like to introduce you to the team at Cornwall Sendiass.

My name is Denise Facey, and I am the Sendiass lead. I have worked for Sendiass from 2013 and before that I worked in the States for six years in special schools around Maryland and Florida. I have an Honours degree in Childhood and Youth studies and my priority for Sendiass is to make sure we are fully accessible to all parents, children, and young people.

Hello, I am Anna Williamson, I have worked on Sendiass from 2020. I have previously worked for Parent4Parent part of Parent Carers Cornwall and remain a director with them. I worked on the Independent Support contract supporting parents with the changes around the Education Health and Care plan processes. Prior to that I have spent a lot of my life supporting adults who have a learning difficulty both in their own homes but also offering respite at our family home. I studied an Honours degree in Community and youth studies and spent 10 years working for Connections, here I supported students in mainstream schools who required additional support with accessing information and transitions. I am passionate about supporting parents and enabling families to access information and support and ensuring children and young people with SEND are given equal opportunities

Hello, I am Sue and I have worked on Sendiass from 2018, and before that I was an independent supporter helping parents and young people apply and transfer over to EHCP's. I have worked in advice and guidance roles for the last 20 years and I have a diploma in Youth work and so I have lots of skills to work with children and young people effectively. I am looking forward to working on the development plan for Sendiass which includes a new website and providing training for parents and young people.
